## UNIVERSITY PROFILE

## MISSION STATEMENT

The mission of Kentucky Christian University is to engage students in a transformative educational experience that equips them as effective Christian professionals providing servant leadership for the church and society.

## EXPANDED STATEMENT OF PURPOSE

Therefore, the Bible, which is regarded as the revealed Word of God and the final authority in all matters pertaining to life and faith, is exalted as the foundation of every curricular program. The pursuit of scholarship at Kentucky Christian University is distinguished by the conviction that to be truly educated one must have the capacity to make responsible moral decisions, be committed to serving the needs of others, and be recognized as a skilled contributor to one's profession. Such a distinction requires that students be exposed to the moral and spiritual principles taught in the Bible and that they are able to think ethically as well as logically, analytically, and critically.

The Board of Trustees, administration, faculty, and staff of the University are committed to the maintenance of an academic community in which Christian character and spiritual values accompany the tasks and opportunities of scholarship. Persuaded that education is a lifetime pursuit, the University provides a foundation of knowledge, skills, and values, which enables its students to:

1. Enter meaningful and fulfilling professions within the leadership ministry of the Church and/or within the global community, resulting in the opportunity to fulfill the mandates of the Great Commission and to work as a means of self support.
2. Influence the religious, social, educational, and business communities with the Biblical principles and moral character exemplified in the life and teachings of Jesus and His apostles.
3. Pursue and succeed in the attainment of personal and professional goals, including the completion of advanced academic degrees and/or promotion within their chosen field of endeavor.
4. Actively be involved in their communities as citizens who are concerned with improving the quality of life for all people groups.
5. Pursue healthy lifestyles and take appropriate action to promote wellness within their families and throughout their communities.
6. Build a legacy for the next generation by nurturing those institutions (e.g., the home/family, the Church, the Christian college) which are critical to the establishment and maintenance of biblical values, including moral integrity, ethical principle, and human dignity.
7. Develop an awareness of the inter-connectedness of nations and peoples and seek out opportunities to promote peace, goodwill, and the enrichment of life within the global village.

## RELIGIOUS AFFILIATION

Kentucky Christian University is a private university affiliated with a fellowship of independent congregations known as Churches of Christ and Christian Churches. Because these independent congregations claim no creed or statement of faith except for the Scriptures, and because no denominational headquarters establishes a doctrinal position for the University, the Board of Trustees has resolved that the University will abide by only a brief and general statement based on those teachings of Scripture which are clearly taught and universally embraced by these independent congregations. These teachings include:

THAT GOD is not only the omnipotent, omniscient and omnipresent Creator of the universe, but also the loving Father, Provider of all life, and righteous Judge.

THAT THE BIBLE is God's divinely inspired revelation to man. These Holy Scriptures are not to be added to, nor subtracted from, by anyone.

THAT JESUS is the Christ, the Son of God, who came to earth in the fullness of time, as Savior and as Messiah. This same Jesus is recognized as the only begotten Son of God, born of the virgin Mary, crucified on the cross after a sinless life on earth, raised bodily as Lord from the tomb, ascended into heaven as King of Kings, and is coming again to reclaim those who are His own.

THAT THE CHURCH is the divine institution by which God has provided for the preaching of the Gospel and the salvation of the world. This Church, the Body of Christ, has divinely given ordinances, which are Christian baptism, the immersion of the penitent believer for the remission of sins, and the gift of the Holy Spirit; and the Lord's Supper, observed weekly in the remembrance of Him.

THAT THE UNITY of all followers of Christ can be realized on the basis of a return to the primitive pattern for Church doctrine-in practice, in polity, and in life-as seen in the New Testament.

The founders of the University, as well as the current Board of Trustees and administrative leadership, were and are keenly aware of the many issues, which have divided and continue to divide Christian Churches. As a university, we believe it is ill advised to contribute to division and disunity by aligning ourselves, on the basis of opinion, with any party or sect. Rather, in the spirit of the first century Church and many early Christian reformers, we choose to be non-sectarian.

It is required that full-time faculty members adhere to these teachings and principles and seek to inculcate them into the lives of their students. Furthermore, each student is expected to attain the goals of Christian character and conduct which are implied in these teachings. To this end, Kentucky Christian University requires that every candidate for the Baccalaureate degree complete at least twenty-four semester hours in biblical studies.

## HERITAGE

Kentucky Christian University was established in Grayson, Kentucky, on December 1, 1919, as "Christian Normal Institute." The co-founders were J. W. Lusby, an outstanding educator, Church leader, teacher, and journalist of eastern Kentucky; and J. O. Snodgrass, a minister of the Gospel from lowa. Associated with them was R. B. Neal, an evangelist of eastern Kentucky.

In her earlier days, Christian Normal Institute included both high school and junior college programs, which emphasized the preparation of public school teachers, as indicated in the very name of the institution - "Normal." This area of education was phased out during the early 1920's when the central purpose of the school was directed toward the education of young people for Christian ministries. The name was changed to "Kentucky Christian College" in 1944.

In September 2004, the institution changed its name from Kentucky Christian College to "Kentucky Christian University." This name change represented a profound rebirth for the 85-year-old institution. The move to university status brought with it a new seal, a new website, new signs, and many other surface changes. However, these changes are only significant because they represent the many new and exciting opportunities the University has to advance the Lord's Kingdom through educational ministry. While the school's name has changed, Kentucky Christian University remains unwaveringly committed to its mission of educating students for Christian leadership and service throughout the world.

Through the years, under the leadership of Dr. J. W. Lusby (1919-1937), and his successors in the presidency, Dr. J. Lowell Lusby (1937-1977), Dr. L. Palmer Young (1977-1987), Dr. Keith P. Keeran (1987-2009), and Dr. Jeffrey K. Metcalf (2009-Present), Kentucky Christian University has educated some of the most outstanding Christian leaders, both in the church and in other professions throughout the world.

Kentucky Christian University remains committed to providing a strong biblical foundation for each of her students. This foundation, then, becomes a source of beliefs, which will influence the way students conduct themselves within a chosen vocation. The belief that a Bible core and vocational preparation should coexist is distinctive at Kentucky Christian University. Her fifth president, Dr. Jeffrey Metcalf, is committed to the task of seeing that this purpose remains central as the University's programs expand to prepare Christian workers in several carefully chosen fields.

## CAMPUS AND FACILITIES

Kentucky Christian University is located in Grayson, Kentucky, the county seat of Carter County, in the Appalachian foothills of lovely eastern Kentucky. The campus is at the northern boundary of Grayson, just off Interstate 64, which links the Bluegrass area of Kentucky with the industrial heart of West Virginia. Our beautiful 121-acre campus is located less than 20 miles from three state parks, each offering camping, hiking, and lake access. Ashland, Kentucky and Huntington, West Virginia-both industrial and business centers-are approximately a 30-minute drive from the Grayson campus.

The academic facilities include the multipurpose Lusby Center, the Wayne B. Smith Center for Christian Leadership, the Nash Chapel and Fine Arts Center, the Trinity Building, and the Yancey School of Nursing Buildings. The Ruth Administration Building houses most administrative offices. The James C. McKenzie Student Life Center opened in December of 1996.

Another academic facility is Young Library. It offers a variety of study areas, resources, and materials for research and learning. Young Library contains over 100,000 books and 200 print periodicals on its shelves. Additionally, the library has electronic access to over 100,000 electronic books and over 40,000 electronic journal titles. This provides access of library resources to students 24 hours a day.

The mission of Young Library is to support the curriculum of the university, to help users gain access to information in a variety of forms, to assess the information needs of its users, and to encourage the development of information literacy in support of life-long learning skills. In order to fulfill this mission, Young Library remains open 74 hours each week. The week before mid-term and finals Young Library increases its availability to 78 hours to accommodate student use. The library staff maintains a web page to provide resource access and tutorial information 24 hours a day. The web page is also used in meeting the research needs of distance learners. Young Library also maintains a site on Sakai, the University course management system, for easy access to library resource for students completing assignments and a Facebook site to keep students updated on library hours, events, and materials, a Twitter site for quick information, and a Pinterest site for the campus wide Summer Reading Program.

In order to provide an extension of access to resources via Inter-Library Loan, Young Library is a participant in the Kentucky Library Network and the federation of Kentucky Academic Libraries, the Christian Library Network, the Bowen Central Library of Appalachia, and the Kentucky Virtual Library. In addition, the Library derives benefit from alliances with the Association of Independent Kentucky Colleges and Universities, the Appalachian College Association, and the Council for Christian Colleges and Universities.

Single students are housed in one of several well-equipped air-conditioned dormitories: Jones, Pifer, Dale, Waters, East, or West Hall.

Housing for married students and nontraditional single students is provided in one, two, and three bedroom apartments located on University property. Laundry services and fenced in playground are also located near the apartment complex.

Campus facilities also include recreational areas such as the McKenzie Student Life Center and the Lusby Center gymnasium.

## MISSION STATEMENT

The goal of the Student Services staff is to create and maintain a living and learning environment that will enhance the potential for students' spiritual, social, emotional, physical, and intellectual development as they become leaders and servants in the church and in professions throughout the world.

Universities are more than faculty and staff, buildings, and facilities. Universities are not universities without students. Kentucky Christian University values every student.

Students from many states in the U.S. as well as several other nations make up the KCU student body. Invariably, these students have been leaders in their home congregations and on our campus they join others with similar talents to become more effective leaders for the Lord. Here they live, learn, work, witness, pray, and play together. They are students who learn, grow, and mature in Christ under the guidance of consecrated faculty and staff.

## STUDENT ORGANIZATIONS

A variety of campus organizations exist to address students' spiritual, social, and professional development. Global Mission Awareness is made up of students and faculty who are interested in emphasizing the Great Commission: "Go into all the world and preach the Gospel to all creation" (Mark 16:15). Kentucky Christian University's longstanding commitment to world mission is highlighted each academic year through two weeks of mission emphasis. During the Fall semester, the annual Missions Emphasis Program is initiated during chapel services. Members of the KCU community are challenged to make financial commitments in support of world mission. Throughout the year, offerings are collected in chapel, and currently these offerings support work in ministries around the world. Since KCU's first Missions Emphasis Program in 1964, over $\$ 500,000$ has been invested in world mission through these offerings. At the beginning of each spring semester, a Lectureship in World Mission is held. A visiting mission scholar/practitioner leads the university community in broadening and deepening its involvement in world mission.

The Student Council consists of elected campus representatives. They endeavor to improve campus communication by presenting the needs and wants of students to the appropriate university personnel.

Several of the professional programs on campus are associated with student organizations that provide opportunities for professional development. These organizations include:

- Pi Chi Delta (for Teacher Education students)
- The Herodotus Society (History)
- Students in Free Enterprise (Business)
- Kappa Psi Sigma (Counseling Psychology)
- Academy of Preachers
- Laos Protos (Social Work)
- Alpha Epsilon Lambda, a chapter of Theta Alpha Kappa (National honors society for religious and theological studies)

These student groups plan special campus events and service projects in community settings throughout the school year.

Special interest organizations are formed as interests arise. Any organization forming on campus must gain approval from the Student Council and the Dean of Student Services before it is officially recognized.

## STUDENT ACTIVITIES

Intercollegiate Athletics. Kentucky Christian University engages in men's and women's basketball, women's volleyball, men's and women's soccer, women's fast pitch softball, and men's football on an intercollegiate basis. Football and softball offer athletic scholarships. Football competes in the NAIA MidSouth Conference. All other sports compete within the National Christian College Athletic Association.

Intramural Program. The University sponsors an Intramural Program to allow students participation in the sports of their choice. Intramural competitions include various sports, such as volleyball and basketball.

Drama. Kentucky Christian University students typically present a play during the spring semester. Whether it is a comedy, drama, or a musical, it involves many students, faculty, and staff.

Music. Musical groups at Kentucky Christian University include the concert choir and vocal and instrumental ensembles, and a newly formed marching band program which are active during the academic year in presenting programs both on and off campus. Regularly scheduled recitals and musical dramas are given by music faculty and students.

Special Activities. Various campus activities are presented under the supervision of the Dean of Student Services, Campus Minister, and the Director of Student Activities. These programs often include concerts and events, which encourage visits by parents, friends, and potential students.

## SPIRITUAL DEVELOPMENT

The devotional and worship needs of students are recognized on the campus with several activities: devotions for men and women in the dormitories, chapel services two days each week, and a prayer room for private devotions.

A strong discipleship program has been developed on campus. These "Life Groups" allow students to meet with other students and/or university personnel in small groups to develop specific areas of Christian life. Although participation is voluntary, a large portion of the campus community engages in this program.

Christian service is considered a vital part of developing spiritual maturity. Christian service is required of all students as both an academic function and a means to educate students for Christian leadership, service in the Church, and in professions throughout the world. The mission of KCU's Christian Service Program is to provide students with not just practice for future ministry, but also actual service for Christ to be done to the glory of God while meeting human needs. In so doing, the truth learned in the classroom will be shared with a lost and dying world.

Completion of The Marriage and Family Enrichment Program is a graduation requirement for all students attending Kentucky Christian University. This program is held during the spring semester, and often includes a guest lecturer.. Additional workshops will be conducted by Kentucky Christian University faculty and staff to help promote the formation and continuation of healthy relationships, marriages, and families. The Marriage and Family Enrichment Program is recommended to be taken during the student's sophomore year (those whose transcript reflects the completion of between 30 and 59 credit hours). Students may opt to take the "Marriage and Family" class taught as part of the Counseling Psychology curriculum to replace the Marriage and Family Enrichment Program.

## EXPECTATIONS OF STUDENTS

The guiding principles by which campus regulations are established are based first upon God's Word, and then upon the expectations of social law, constituents, and the community.

The University seeks to provide a campus where students may give themselves to academic pursuits and, at the same time, develop a Christ-like character. This can best be accomplished when all students
feel a sincere responsibility for the welfare of each other and for the University community as a whole. Certain standards of university conduct are outlined in the Student Handbook. This handbook is distributed to students at the beginning of every academic year and is located on the KCU website, www.kcu.edu.

The use of drugs, tobacco products, and alcoholic beverages are strictly prohibited both on and off campus. Violations involving these substances may result in immediate suspension or expulsion from the University.

Students and faculty are expected to dress and act as Christians rather than following the extremes of current cultural trends. Students who persistently disregard the standards of conduct as outlined in the Student Handbook may be asked to withdraw from the school.

# FINANCIAL INFORMATION 

Contact Person
Jennie Bender
Director of Financial Aid

E-mail: jbender@kcu.edu

## MISSION STATEMENT

The mission of the Business Office and Financial Aid is to honor God by providing administrative and financial services to each of the University's strategic operating units in order to enhance the education of students who are preparing for Christian leadership and service in the church and in professions throughout the world.

Kentucky Christian University is supported financially through the giving of Christian people who contribute through congregations (by way of the Church budget, missions or faith-promise budget, Bible School budget and classes, or other congregational organizations) and individual gifts. These contributions, sent directly to the University, supplement the payments, which are made by students for tuition, room, and board.

Regular Contributions. Congregations and individuals provide a large portion of the funds necessary for general operating expenses. "Living endowments," amounting to nearly \$5,000 annually, are needed for each student enrolled in order to meet the student subsidies provided by the University, in addition to meeting the general fund needs for operational expenditures. The University does not receive direct support from local, state, or federal government and must rely upon those who love the Lord for this provision.

Wills and Bequests. Wills, making provision for Kentucky Christian University either through general or specific bequests, provide for new buildings or other needed campus facilities. Donors also remember the University with scholarship funds.

## STUDENT OBLIGATIONS

All financial arrangements concerning tuition, room and board, and other fees are explained in the University's published fee schedule. Official transcripts of the student's grades and transfer of credits to other schools will not be furnished until all debt to KCU is paid in full. All accounts of graduating seniors must be paid in full prior to the time of graduation. No one will be permitted to receive a diploma until all bills have been paid. Absence of personal financial responsibility may result in a student's application for readmission to the University being denied. In the event of a default on the payment schedule agreed upon with the University at the beginning of a semester, students may be suspended from classes and not allowed to live in school housing or eat meals in the cafeteria. In addition, students in default may be required to leave school.

## WITHDRAWAL PROCEDURES AND REFUNDS TO STUDENTS

Withdrawing from the University. Every student who completes the enrollment process is indebted for the total semester's tuition and fees. However, those students who withdraw from the University during the semester may receive a refund depending on the last date of academic activity.

To withdraw officially a student must begin the process at the Registrar's office and complete an official withdrawal form. The determined withdrawal date will be the verifiable date of the student's last date of academic activity.

The last date of academic activity will be used to determine the amount of the refund. Refunds for students who are asked to withdraw will be completed using the same refund formula as students who withdraw voluntarily.

Unofficial withdrawal from all classes will result in refund calculations based on the documented date of the student's last date of academic activity.

Refund of Institutional Charges. Institutional charges include tuition, class-related fees, and room and board. Any other charges posted to a student's account are non-refundable.

Examples of Refunds/Repayments. Examples of refund and repayment worksheets are available in the Business Office.

Refund Schedule

| Withdrawals to the end of | Tuition | Room | Board |
| :--- | :---: | :---: | :---: |
| First week of the semester | $90 \%$ | $90 \%$ | $90 \%$ |
| Second week | $80 \%$ | $80 \%$ | $80 \%$ |
| Third week | $60 \%$ | $60 \%$ | $60 \%$ |
| Fourth week | $40 \%$ | $40 \%$ | $40 \%$ |
| Fifth week | $20 \%$ | $20 \%$ | $20 \%$ |
| Sixth week to end of semester | $0 \%$ | $0 \%$ | $0 \%$ |

Return of Financial Aid Funds. This policy refers to the return of Federal and State Aid Funds disbursed for students who completely withdraw, stop attending class, or are dismissed from the University during the first $60 \%$ of the semester, and institutional funds for students who withdraw during the first five weeks of the semester.

The University has access to the Web site provided by the U.S. Department of Education to determine the return of Title IV Funds. During the first $60 \%$ of the semester, a student "earns" Title IV Funds in direct proportion to the length of time he/she remains enrolled. A student who remains enrolled beyond the $60 \%$ point earns all aid for the semester.

In the event there are Title IV Funds to be returned to the Federal Programs, the following schedule will be followed:

1. Unsubsidized Direct Loan
2. Subsidized Direct Loan
3. Federal Perkins Loan
4. Direct PLUS Loan
5. Federal Pell Grant
6. Federal Supplemental Educational Opportunity Grant

## FINANCIAL AID PROGRAMS

Kentucky Christian University has financial aid available for students who could not otherwise fund their education. The University admissions process provides an opportunity for all applicants to indicate whether or not such need exists.

All students needing financial assistance must complete a Free Application for Federal Student Aid (FAFSA). The FAFSA can be accessed and completed online at www.fafsa.gov. Applicants who are dependent on parents for support must have their parents complete the parental income portion of this form. Independent students need to furnish only their own income information. To be recognized as independent, an applicant must meet the criteria as outlined in the FAFSA. Any questions regarding financial aid should be referred to the KCU Financial Aid office.

Depending on the level of need as determined by the U.S. Department of Education standards, there may be several aid programs available to meet the needs of the student.

FEDERAL PELL GRANT. The U.S. Department of Education uses a standardized formula to determine an applicant's eligibility and level of award for this grant. The program provides financial assistance of up to $\$ 5,730$ per year for undergraduate students.

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANTS (SEOG). Kentucky Christian University makes these $\$ 800$ grants available to students who demonstrate exceptional financial need. Recipients must receive the Federal Pell Grant to be considered for this grant.

STATE GRANT PROGRAMS. Three state-sponsored grants are potentially available for Kentucky Christian University students who are residents of Kentucky. The Kentucky Tuition Grant (KTG) is for full-time students enrolled in private colleges. It presently awards a maximum of $\$ 2,970$ per year. The College Access Program (CAP) is awarded to financially needy students enrolled for a minimum of three semester hours. It currently awards $\$ 1,900$ per year to full-time students and $\$ 79$ per semester hour to part-time students. The Kentucky Higher Education Assistance Authority awards all funds using the criteria of financial need until funds are depleted. The Kentucky Educational Excellence Scholarship (KEES) is a program that rewards Kentucky students for working hard and making good grades in High School. If you make a C+ average or better you will qualify. Bonus funds are awarded to students who score a 15 or better on the ACT and supplemental funds for earning a qualifying score on Advanced Placement (AP).

FEDERAL PERKINS STUDENT LOANS. This program offers loans up to $\$ 2,000$ per academic year. Repayment periods and interest do not begin until nine months after the student has ended his studies. The loan bears interest at the rate of $5 \%$ a year, with a minimum payment of $\$ 40$ monthly.

DIRECT STUDENT LOAN PROGRAM. This program enables students to borrow loans from the U.S. Department of Education. Direct Subsidized Loans have a fixed interest rate, are currently $3.86 \%$, Unsubsidized Loans have a current rate of $3.86 \%$, and will be adjusted on July $1^{\text {st }}$. A student may borrow $\$ 3,500$ as a freshman, $\$ 4,500$ as a sophomore, and $\$ 5,500$ as a junior and/or senior. Each student is eligible to borrow an additional $\$ 2,000$ in Unsubsidized Loans. Loan repayment begins six months after the student graduates, leaves school, or drops below half-time status. Students may qualify for a "subsidized" loan (interest paid while in school) based on financial need, or an "unsubsidized" loan (student responsible for interest while in school) non-need based, or a combination of both loans.

FEDERAL COLLEGE WORK-STUDY PROGRAMS. Students who need employment to help pay for college expenses are eligible to apply for such employment through Kentucky Christian University. On-campus jobs include work in the cafeteria, library, maintenance, student life center, and offices, averaging 5-7 hours per week at minimum wage. To work under this program a student must be enrolled and in good standing or be accepted for enrollment as at least a half-time student and show financial need.

KENTUCKY CHRISTIAN UNIVERSITY CAMPUS EMPLOYMENT. To supplement university expenses Kentucky Christian University offers a limited number of institutionally-funded jobs to students.

DIRECT PLUS LOAN PROGRAM. This loan program is available to parents of dependent students. It is a fixed interest loan with a current interest rate of $6.41 \%$ which will be adjusted on July 1 . It is not need based. An application can be completed at www.studentloans.gov and then complete the request form on the KCU website. The PLUS loan program enables parents to borrow an amount equal to the cost of education minus financial aid.

SATISFACTORY ACADEMIC PROGRESS (SAP). The Higher Education Act mandated institutions of higher education to establish minimum standards of "satisfactory academic progress" for students receiving financial assistance. This means that a student must make progress toward obtaining an appropriate degree during each term that the student is enrolled. These standards are applicable to all federal, state, and institutional aid programs administered by Kentucky Christian University.

At Kentucky Christian University, in order to continue to receive financial aid, a student must demonstrate satisfactory academic progress by completing a minimum number of the total hours attempted, and by also maintaining a minimum grade point average. KCU's satisfactory academic progress policy is as follows:

## Undergraduates

Fulltime students will be considered to be making satisfactory academic progress for financial aid purposes as long as the following requirements are met:

1. A student must successfully complete a minimum of 24 credit hours during each year of enrollment. Successful completion for this purpose is defined as receiving a grade of "D" or better.
2. If one year has been completed; a student must have at least a 1.85 cumulative GPA. If two years through six years have been completed; a student must have at least a 2.00 cumulative GPA.
3. A student has attempted no more than $150 \%$ of the time required or a maximum of six years for their current academic program.

Three quarter time will be considered to be making satisfactory academic progress for financial aid purposes as long as the following requirements are met:

1. A student must successfully complete a minimum of 18 credit hours during each year of enrollment. Successful completion for this purpose is defined as receiving a grade of "D" or better.
2. If one to two years have been completed; a student must have at least a 1.85 cumulative GPA.
If three years through nine years have been completed; a student must have at least a 2.00 cumulative GPA.
3. A student has attempted no more than $150 \%$ of the time required or a maximum of nine years for their current academic program.

Part time will be considered to be making satisfactory academic progress for financial aid purposes as long as the following requirements are met:

1. A student must successfully complete a minimum of 11 credit hours during each year of enrollment. Successful completion for this purpose is defined as receiving a grade of "D" or better.
2. If one to two years have been completed; a student must have at least a 1.85 cumulative GPA. If three years through twelve years have been completed; a student must have at least a 2.00 cumulative GPA.
3. A student has attempted no more than $150 \%$ of the time required or a maximum of twelve years for their current academic program.

## Policies and Procedures

The specific policies and procedures to be used in applying the satisfactory progress standards are outlined below.

1. Satisfactory progress will be evaluated at the end of each Spring Semester.
2. Hours attempted for purposes of this policy will be defined as those for which a student receives a grade of A, B, C, D, F, I, IP, P, R, S, U, NC, NG, WP, WF, BR or XF. Transfer hours accepted will be considered in calculating the total number of hours attempted.
3. For undergraduate students, grades of $F, I, I P, R, U, N C, N G, W P, W F, B R$, or $X F$ will not qualify as successful completion of hours attempted.
4. Cumulative GPA will be calculated based on the attempted and completed policies above.
5. Remedial courses, courses taken for audit, and courses in which grades of NC, NG, $P, S, U, W P, W F$, or $B R$ are received are not figured in the calculation of a student's grade point average.
6. If otherwise eligible, students will be awarded financial aid during a term in which they may be repeating a course.
7. A student who failed to maintain satisfactory progress as defined will not be permitted to receive federal, state, or institutional financial aid.

## Procedures For Appeal For Students Who Fail To Maintain Satisfactory Progress Standards

Students who fail to meet satisfactory progress standards as defined may appeal the ruling to the Office of Financial Aid if they believe extenuating circumstances led to their failure to maintain satisfactory progress. Those desiring to appeal must do so in writing and must explain why they failed to make SAP and what has changed to allow the student to demonstrate SAP as well as attach a copy of their complete unofficial transcript. Students will be notified, in writing, of the action taken on their appeal. If the student's appeal is approved they will be considered to be on Financial Aid probation with their eligibility being reinstated for one semester.

## Reinstatement of Financial Aid Eligibility

Should a student's financial aid eligibility be terminated for failure to maintain satisfactory progress as defined, the eligibility for financial aid will not be reinstated until the student enrolls for a subsequent academic term (fall, spring, or summer term) at his or her own expense and completes the term satisfying the satisfactory progress definition. The student should then file an appeal with the Office of Financial Aid, explaining that they have completed a subsequent term at their own expense.

Financial aid eligibility will be reinstated immediately for all students whose appeals are approved.

## SCHOLARSHIPS

A growing number of named and memorial scholarships have been or are being established at Kentucky Christian University by individuals, families, churches, and other organizations. For the most part, these gifts are invested, and awards from the earned interest are granted to students to assist with financial needs. Most awards are made during the spring semester and apply to the upcoming year.

Scholarships are available for students transferring into KCU. Transfer students should contact their Enrollment Counselor to receive additional information on qualifying for the Transfer Student awards of up to \$3,000.

All KCU-funded scholarships are awarded with the condition that students register for a minimum of 15
credit hours per semester. KCU-funded scholarships for students electing to enroll in fewer than 15 credit hours in any semester will be proportionately reduced. For instance, students who choose to register for 12 hours will receive a twenty-percent reduction in KCU-funded scholarships.

Scholarships and awards that are not funded by KCU (i.e., federal and state financial aid, student loans, outside scholarships, etc.) are unaffected by this policy.

## MISSION STATEMENT

The Department of Enrollment Services is a ministry of building partnerships to advance the Great Commission through student enrollment.

## ADMISSIONS POLICY

## First-Time Freshmen Admission Policy

A high school diploma, which is state recognized or from a school which has requested and has been granted formal approval, or the high school equivalency certificate issued by the respective State Department of Education, is required for admission to Kentucky Christian University. A GPA of 2.0 on a 4.0 scale or graduating in the upper half of one's class or overall GED score of 2250 with no individual section below 410 is considered a minimum standard for acceptance.

Applicants must take the American College Test (ACT) or the Scholastic Aptitude Test (SAT) and have the scores forwarded to the Admissions Office. A composite score of 18 on the ACT* or a combined score of 1270 on the SAT* is considered to be indicative of probable academic success at Kentucky Christian University. (Please note that some majors on campus have different admission criteria which are listed in their respective portions of this catalog.) In some cases applicants may be accepted conditionally if their scores are below the minimum standard suggested.

Applicants must supply a minimum of two, but preferably three, references, none of which may be from relatives. One reference should be from a person familiar with the applicant's academic qualifications (such as a school teacher, guidance counselor, or principal). For those who have not been involved in an academic setting for 5 or more years, please replace with a peer or employer evaluation. A second reference should be from a person familiar with the applicant's spiritual maturity (such as a minister, elder, deacon, or Bible school teacher). If applicants are not affiliated with a local church, this reference should be from an individual who can attest to the applicant's personal character. A third reference should be from a person familiar with the applicant's personal and family background (such as an employer, neighbor, coach, or sponsor).

A statement of intent must be included in the application packet. All applicants must submit a short paragraph outlining their reasons for desiring to attend Kentucky Christian University, their goals in life, and how an education at KCU would help them to achieve those goals.

Applicants are considered when the following materials have been received:

1. The Application for Admission properly completed.
2. A copy of the high school transcript; GED scores.
3. Results of the ACT or SAT.
4. A non-refundable application fee.
5. Completed references.

Kentucky Christian University seeks students who are academically, physically, emotionally, and spiritually capable of succeeding in a Christian college environment. It is assumed that all students seeking admission to the University have already learned to conduct themselves in a Christ-like manner and will continue to conduct themselves as such with full respect to the principles set out in the Student Handbook. The best qualified among all applicants will be admitted. Meeting minimum academic standards does not assure admission.

* Based on current test score standards

Students who do not meet the minimum academic admission standards may choose to apply via this special comprehensive application process, which may include the following:

1. Five references ( 2 additional to regular requirement).

- Two from the applicant's church (1 from the minister or youth minister and 1 from an elder, Sunday school teacher or youth leader) or 2 from people who can speak to the applicant's personal character
- One from an employer, if employed; 1 from an adult acquaintance if not employed
- Two from school officials (principal, vice principal, counselor, teacher, coach)

2. A 500 word essay stating why the applicant wants to be a student at KCU.
3. A personal interview on campus or by phone with an interview committee made up of three members of the Enrollment Management Committee may be required.

In some cases, the Enrollment Management Committee may choose to waive the requirements due to extenuating circumstances. When conditionally accepted, students must maintain a 1.85 GPA during their first semester of study at KCU. Conditionally accepted students may enroll in no more than 15 credit hours until a cumulative GPA of 2.0 is achieved. In addition, conditionally accepted students may be required to enroll in developmental classes (see Foundational Studies under the General Academic Information of the KCU Catalog) and may be required to participate in other foundational programs offered by the University.

## Transfer Students Admission Policy

To apply for admission as a transfer student, an applicant with less than 18 ACT score or lower than a 2.0 high school grade point average must have achieved at least a 2.0 cumulative grade point average on a 4.0 scale, must have achieved a minimum of 12 hours of core academic classes at the 2.0 grade point average (does not include developmental/remedial classes, PE classes, etc.), and be in good academic and social standing at the current or previous college of attendance. Where the student has already achieved scores for regular admission, the required 12 hours of core academic classes can be waived by the Director of Admissions or Enrollment Management Committee.

Applicants are considered when the following materials have been received:

1. An Application for Admission properly completed.
2. Official transcripts from all colleges previously attended.
3. Official high school transcripts (or official GED scores) and ACT/SAT.
4. A non-refundable application fee of $\$ 30$.
5. Completed references.

Kentucky Christian University admits students of any race, color, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the University. It does not discriminate on the basis of race, color, national, and ethnic origin in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school-administered programs. Questions concerning grievances should be addressed to the President's Office.

## TRANSFER STUDENTS

Transfer students are degree-seeking students entering Kentucky Christian University for the first time who have previously attended another post-secondary institution of the same level. Kentucky Christian University will accept credits for comparable coursework from other colleges and universities accredited by institutional and professional agencies recognized by the Council on Higher Education Accreditation. Only grades of "C" or higher will be accepted. All transfer students must have a minimum cumulative grade point average (GPA) of 2.0 and the most recent full-time semester GPA of 1.85 on a 4.0 scale at the last institution attended in order to be admitted unconditionally. Students who fall below these requirements will be admitted on academic probation with the following stipulations:

If the most recent semester GPA is $1.00-1.84$, the student will be limited to 15 hours per semester for two semesters and must attain a GPA of 1.85 the first semester and 2.0 by the end of the second semester enrolled full time.

- If the most recent semester GPA is $0.50-0.99$, the student will be limited to one semester of academic probation, limited to 15 hours, and must achieve a 2.0 GPA.
- Students who have received below 0.50 in the most recent semester will not be admitted unless documentation of extenuating circumstances is provided for consideration by the Enrollment Management Committee. If approved, the student will be limited to one semester of academic probation, limited to 12 hours and must achieve a 2.0 GPA.

These restrictions will not apply if a period of at least five years has passed since the student's last full-time enrollment. Official transcripts from all previous colleges attended are necessary for consideration. In the event that these minimum standards are not met, a personal interview may be required. Transfer students must meet the same qualifications for participation in extracurricular activities as continuing students.

## Transferring Credits from Unaccredited Institutions

Kentucky Christian University may also admit students and allow some credit for studies from an institution not accredited by an agency recognized by the Council on Higher Education Accreditation (CHEA). In such instances, the following conditions apply:

1. Coursework considered for transfer from unaccredited institutions, or accepted for credit, must demonstrate that it represents collegiate coursework relevant to the degree, with course content and level of instruction resulting in student competencies at least equivalent to those of students enrolled in the University's own degree programs;
2. Students transferring from unaccredited institutions must provide transcripts, college catalogues, course syllabi, and verification of the academic qualifications of the teaching faculty;
3. Transfer students from unaccredited institutions must enroll at KCU for one semester for a minimum of 12 semester hours and earn at least a 2.0 or "C" overall grade point average before transfer credits will be applied.

After students have completed 12 hours at KCU with a minimum overall GPA of 2.0 , students may at that time petition the Provost for consideration of transfer credits. Courses transferred from unaccredited institutions are not factored into the KCU grade point average. The University will use a " P ," to indicate passing, for allowable transfer credit.

Students desiring to have transcript evaluations completed prior to enrollment should have transcripts from all prior colleges sent to: Office of Admissions, Kentucky Christian University, 100 Academic Parkway, Grayson, KY 41143-2205.

## Transferring Credits from International Institutions

The Registrar at Kentucky Christian University will evaluate coursework from international institutions on a case-by-case basis. Transfer credit from international post-secondary/tertiary institutions may be accepted at KCU if the institution is recognized by the ministry of education, or other appropriate accrediting body, in the home country. All courses considered for transfer must be completed with a grade of " C " or better and must be applicable to the student's KCU degree and comparable in quality and nature to KCU courses. Developmental/Remedial courses and English classes taken in counties where English is not the native language will not be considered for transfer. Evaluation of international transcripts will be completed once the student has been accepted to KCU and upon receipt of official transcripts from the institution (certified translations are required if transcripts are not in English).

## OUT OF THE BLOCKS

Eligible high school juniors and seniors can earn college credit, awarded by Kentucky Christian University, while taking classes during their regular school day. Students will travel via school-provided transportation to the campus of Kentucky Christian University each afternoon Monday through Thursday and take two 3 credit-hour classes per semester. A total of 18 credit hours of college credit may be obtained through the Out of the Blocks program. Upon completion of each course, the student's grade and credit hours appear on an official Kentucky Christian University transcript.

In order to be eligible for the program the student must:

- Have a composite ACT score of at least 21 and a high school cumulative GPA of at least 3.25;
- Demonstrate respect for the values of KCU and abide by all KCU student conduct policies while on campus;
- Have access to transportation in the event that school provided transportation is unavailable (i.e., spring break, snow days, etc.).

## HOME SCHOOL STUDENTS

Home School students are eligible to apply for admission at Kentucky Christian University. Students must meet their state requirements for home schooling. Regular admission procedures apply.

## VETERANS

Kentucky Christian University is approved for the education of veterans. Individuals who desire to apply for entrance to the University follow the regular admission procedures. All information concerning the veteran application for educational benefits and credit for training should be addressed to the Registrar at registrar@kcu.edu or (606) 474-3212.

## INTERNATIONAL STUDENTS

The University is approved under Federal Law for the education of non-immigrant alien students. It is preferred that students from non-English speaking cultures submit a TOEFL score of 173 (computer based) or 500 (paper based) or 61 (internet based) or above. Other methods of proving language proficiency would include successful completion of two years of English study at the post-secondary level, the "A" Level English exam, or a standardized test score such as ACT or SAT (English version). In the absence of the above, students can be admitted and given an exam at the time of entrance to determine proficiency.

International students must show evidence that they have the funds to meet all financial requirements for the first year, and show that funds for subsequent years are reasonably attainable, or have a guarantor who will provide the funds. All payments that are the responsibility of the student, (through personal, family or sponsor funds) are due to Kentucky Christian University no later than two weeks before the start of the semester.

Acceptance criteria for international students are:

1. Completed International application for admission and application fee.
2. Proof of English proficiency (if available).
3. Financial certification showing proof of funds.
4. Transcripts of all previous work (English translation if necessary).

## STUDENTS WITH DISABILITIES

Kentucky Christian University admits students without regard to disability status and affords equal opportunity to all students to participate in and benefit from all programs, services, and activities on the KCU campus. Services include providing reasonable, appropriate academic adjustments and assistance for students with disabilities as defined in Section 504 of the Rehabilitation Act of 1973 as amended; the Americans with Disabilities Act of 1990; and applicable state and federal laws and regulations.

Students desiring accommodation for a qualifying disability should contact the Coordinator of Student Counseling and be prepared to provide official documentation of the disability including professional recommendations or accommodation. Because of the qualifying review process and the time needed to implement certain types of accommodation, students needing accommodation should start the process shortly after admission to the University or immediately after a disability is diagnosed if after admission.

## GENERAL ACADEMIC INFORMATION

## MISSION STATEMENT

The mission of the Office of Academic Affairs is to create and maintain an academic community in which students are educated for Christian leadership and service in the church and professions throughout the world.

This academic community is Christian in character and mission (i.e., what it is and what it does). The Office of Academic Affairs fulfills this mission by overseeing, supporting, recording, and assessing the academic programs of the University.

## CATALOG RECOGNITION

The University catalog serves as a contract between the University and students in determining minimum degree requirements. The catalog under which students are admitted to KCU will be honored unless:

1. Accreditation standards or a governing agency adjusts the status of degree requirements retroactively.
2. The catalog is more than six years old; in that case the current catalog will be honored.
3. A student chooses to change his/her degree major or minor to one offered in the current catalog, but not offered in the one under which the student was admitted.
4. Students choose to meet all the requirements of a newer catalog.

When students are accepted into a major, they must contact the Dean/department chairperson to declare the catalog under which they will complete the degree requirements. This contract cannot be revoked to revert to an older catalog. It is the responsibility of students to learn and follow the catalog requirements, policies, and procedures affecting their program.

However, the University reserves the right to change any of its rules and regulations at any time, including those relating to admission, instruction, and graduation. The University also reserves the right to withdraw curricula and specific courses, alter course content, change the calendar, and to impose or increase fees. All such changes are effective at such times as the proper authorities determine. Changes may apply not only to prospective students but also to those who are already enrolled in the University.

Transfer credits will be evaluated on a class-by-class basis.

## ONLINE COURSE WORK

A limited palette of online courses is offered to undergraduate students of Kentucky Christian University. Online courses are intended to augment the traditionally-delivered coursework for KCU undergraduate students. Under no circumstance may a student graduate with more than $49 \%$ of undergraduate credit hours taken in an on-line format.

## THE ACADEMIC CALENDAR

The University operates on a semester calendar with the first semester concluding before Christmas and the second semester concluding in the early part of May. The University may conduct selected modified instructional periods (i.e., J-Term, Maymester, Summer terms, etc.) in addition to the two regular academic semesters. The summer session provides an opportunity for students to advance in their programs or make up deficiencies.

## EDUCATIONAL RECORDS

The Family Educations Rights and Privacy Act of 1974 grants to students certain rights of access, review, challenge, and exception to their educational records. These rights are: 1) The right to inspect and review the student's education records after submitting a written request. Such requests should specify the records to be inspected and should be submitted to the University Registrar 30 days in advance. 2) The right to request a correction to education records which the student believes are inaccurate or misleading. Such requests should be submitted in writing to the Registrar and should identify which part of the record is inaccurate or misleading and provide documentation as to why it should be changed. 3) The right to have personally identifiable information contained in the student education record to be held as confidential and not subject to disclosure without the consent of the student (or in certain cases, the parent).

Exceptions to this non-disclosure right include provision for school officials to perform their functions and the ability of the school to disclose directory information. Kentucky Christian University designates the following student information as directory information: name, address, e-mail address, telephone number, previous institutions attended, major field of study, honors, degrees conferred, participation in recognized sports and activities, date and place of birth, height and weight of athletic team members, photographs, dates of attendance, and classifications. Students may withhold disclosure of this information by submitting written notification to the Registrar at registration. Forms to request the withholding of directory information are available from the Registrar. The University assumes that the absence of such request indicates student approval for disclosure.

## FOUNDATIONAL STUDIES

The Foundational Studies Program of Kentucky Christian University exists to ensure that students entering the University have maximum opportunity for success. Students enrolling at KCU must have basic skills in writing, mathematics, and reading in order to adequately perform in college level courses. Students with academic deficiencies may be placed in foundational classes in English and mathematics. Students enrolled in some foundational classes (i.e. MAT 090 Foundation of Mathematics) receive institutional credit for this work. Although the credits do not apply toward graduation requirements, they do count toward enrollment status for such purposes as determining eligibility for housing and financial aid. Students who fail any developmental course twice will not be considered for readmission during the following academic year.

## ACADEMIC ADVISING

While students are assigned to an academic advisor, it is important to note that all KCU students are responsible for compliance with the contents of the KCU catalog including graduation requirements, procedures, and regulations. Students typically follow the degree requirements in effect at the time of their first registration at the University, provided they attain a degree within six years. KCU reserves the right to amend, delete, or modify any requirements with notice. The advisor will consult closely with the students to assist them in matching their course work with their educational and vocational goals. Academic advisors assist students by explaining requirements and procedures, but the student is ultimately responsible for knowing and following the requirements, policies, and procedures governing their progress.

The following list outlines student responsibilities in the advising process. Students are expected to:

1. Read the University catalog and the Student Handbook and comply with all policies, procedures, and requirements.
2. Obtain a class schedule each semester and review possible course options prior to appointments with advisors.
3. Contact advisors in a timely fashion for pre-registration advising or other necessary appointments.
4. Obtain, complete (including obtaining required signatures), and submit all forms needed for registration, course changes, graduation, and related matters, according to the deadlines set by the Registrar's Office.
5. Contact advisors immediately with concerns about academic progress in particular classes or progress toward a degree.
6. Be actively responsible for their college experience.

## COURSE REQUIREMENTS

Courses often have prerequisites, or other requirements, that must be met before a class can be taken. A prerequisite might take the form of a lower level course, an audition, a minimum ACT score, or the permission of the instructor teaching the course. The stated prerequisites must be completed before students can register for the class.

A course with no prerequisites indicates that no previous college level courses are required to take the class.

Students may at times supplement KCU course work with course work from another institution. If a student intends to use non-KCU course work to meet graduation requirements, the student must work closely with his/her academic advisor, along with the Registrar, to ensure that the plan is acceptable. Also, any student intending to use distance learning or other course work from another institution to meet a KCU graduation requirement must submit official transcripts from the other institution(s) to the Registrar by January 31 of the year in which the student plans to graduate. In other words: graduating students must complete all course work taken at another institution prior to their last semester at KCU.

## COURSE NUMBERING

In most cases the first digit of a course number indicates the level of the content and gives an idea of the type and difficulty of the course.

001-099: Courses in the foundational studies sequence, which are not included among the total number of hours required for a degree.

100-199: Introductory courses which insure basic competencies, or teach the principles and methodology of a discipline.

200-299: Intermediate level courses which continue to develop a skill or give background or general experience to both majors and non-majors.

300-399: Advanced level courses demanding understanding of principles and methodology in an area of study or discipline.

400-499: Specialized courses intended primarily for majors and minors in the field.

## AUDITED CLASS

Students may audit classes if they are interested in the course content but do not wish to receive credit for classes. Auditors are exempt from completing class assignments, taking examinations, and compulsory class attendance. Auditing of classes is permitted on an availability basis and must be approved through the Office for Academic Affairs. Students may not change a class from credit to audit after the end of the drop/add period.

The grade for an audit class is "NC" or no credit. The audit hours do not count toward full-
time status, are not covered by financial aid, and are not added in the total credit hours completed for graduation.

## GRADE SCALE

Kentucky Christian University follows the semester plan in its academic calendar and operates on the four point (4.0) grade system, with a requirement of 2.0 " C " average for graduation. Grades are symbols which indicate the degree of mastery of course objectives. Grades do not necessarily reflect the degree of effort put into learning material. The numerical value of quality points are as follows:

| GRADE | QUALITY POINTS |
| :---: | :---: |
| A | 4.0 |
| A- | 3.6 |
| B+ | 3.4 |
| B | 3.0 |

*If for some truly extenuating circumstance (e.g., serious illness, accident, death in the immediate family, etc.) students are unable to complete course work before the final day of class or are unable to take the final examination, students may petition instructors for a grade of "l" (Incomplete). An "l" should not be given as a midterm grade. Work designated as incomplete must be completed within six weeks from the close of the incomplete term. The "I" will be calculated with 0.0 quality points until instructors officially submit new grades. If work is not completed, the incomplete grade becomes "F".

No University-wide grading rubric is in place. Grade rubrics are defined by professors.
Grades will be available on the students' online Campus Anyware account as soon as they are posted by the professor.

## ACADEMIC BANKRUPTCY

In certain situations, students may apply to declare academic bankruptcy for a semester's worth of work taken at Kentucky Christian University. In such cases, students' entire
academic record for that semester will be removed from consideration in the establishment of their grade point average.

The bankruptcy policy is subject to the following guidelines:

1. Students must file a written petition for academic bankruptcy with the Academic Council, presenting a strong case for supporting the approval of the petition. Reasons for the request, such as financial problems, illness, or problems of a personal nature should be cited. The Academic Council will forward its recommendation to the Vice President for Academic Affairs for final disposition.
2. The "forgiveness" policy demands that all courses taken at Kentucky Christian University during the semester in question will be included in the bankruptcy action. This includes all courses successfully completed by students during that period.
3. Students' academic record will be shown on their final transcript but grade point averages will indicate that no credit is to be granted for that period. A notation of the bankruptcy action will appear on the transcript.
4. In order to declare academic bankruptcy, one year must have passed since the close of the semester in question and the student must have completed at least twelve hours of additional coursework with no less than a 3.0 GPA at KCU or another regionally accredited institution.
5. In the case of students who were on suspension at the time of last attendance, when those students are granted academic bankruptcy and readmitted to Kentucky Christian University, they will be placed on probation for one semester and progress will be closely monitored by the Vice President for Academic Affairs.
6. A student cannot declare academic bankruptcy more than once at Kentucky Christian University.

## REPEATED COURSE WORK

A course may be repeated if students wish to raise their GPA. Although each attempt will show on the transcript, the last grade received will be used in computing the GPA if it is higher than the previous grade. If it is not higher, all grades for that course will affect the GPA. Grades not used in computing GPA will be indicated by an "R."

## STUDENT CLASSIFICATION

Students are classified academically on the following basis:

- Freshmen: Those who have completed less than 30 semester hours.
- Sophomores: Those who have completed 30 semester hours, but less than 60 semester hours.
- Juniors: Those who have completed 60 semester hours, but less than 90 semester hours.
- Seniors: Those who have completed 90 semester hours.
- Full-Time Students: Those taking 12 or more hours in a regular course of study.
- Auditors: Students who attend classes but do not receive credit, and who are not required to complete assignments, take examinations, etc.

## CLASS LOAD

Full-time students in academic good standing may register for 12 to 21 credit hours per semester. Students who wish to register for more than 21 hours must petition to do so in the Registrar's Office.

## THE REGISTRATION PROCESS

To receive credit for any course, students must register for the course through the Office
of the Registrar. Registration and pre-registration dates are listed in the university catalog. Students registering after the official day of registration must pay a late fee. Any course with insufficient enrollment (typically seven students) may be cancelled.

Changes in the original registration require the completion of an add/drop form, which can be obtained from the Registrar's Office. The add/drop period extends until the first Wednesday following the beginning of classes. (See specific dates listed on the Academic calendar page of this catalog, page 164.) To withdraw from a course, students must obtain a withdrawal form from the Registrar's Office, obtain the signatures of the instructor and advisor, and return the form to the Registrar's Office.

## CLASS ATTENDANCE POLICY

Punctual and regular class attendance is expected of every student. The policy governing absences is outlined in the Student Handbook.

## MID-TERM AND FINAL EXAMINATIONS

Students are expected to take mid-term and final examinations on their assigned dates. If a change in date is required, students are responsible for meeting with the faculty member responsible for the specific course.

## PROBATION AND SUSPENSION

Students who have attempted 0-29 credit hours must maintain a cumulative GPA of 1.85 or they will be placed on academic probation. Students with 30 or more attempted hours must maintain a 2.0 grade point average. Failure to do so will result in academic probation. If the needed GPA is not reached at the end of the probationary semester, academic suspension will follow. Students who receive less than a 1.85 GPA in a given semester OR who are on academic probation will not be allowed to carry a class load of more than 15 hours the following semester. Students who remain on probation for the second semester of their twosemester probation will not be allowed to carry more than 13 hours the second semester. NOTE: When feasible, students should re-take courses in which they performed poorly as soon as possible as a higher grade when the class is retaken removes the previous poor grade from GPA calculation.

Any full-time student whose semester grade point average falls between 0.50 and 1.0 will be automatically placed on academic probation for the following semester.

Any full-time student whose semester grade point average falls below 0.50 will be placed on academic suspension for the subsequent semester. Students who are academically suspended cannot take any classes at KCU (online classes included). They must take classes at another institution to raise their GPA to the minimum required before they can apply for readmission to KCU. Academic suspension may be waived if students meet the requirements stated in the Academic Suspension Waiver Policy Statement (most notably, a requirement that students be within .25 points of the necessary GPA). For information concerning this waiver, students should contact the Office of Academic Affairs.

Students who are placed on academic suspension, and who do not meet the requirements for an Academic Suspension Waiver, may appeal to the Enrollment Management Committee. The student must submit a written appeal. In their appeal, they must explain the circumstances of the previous semester that resulted in their grade point average falling below Catalog requirements. They must describe any extenuating circumstances that should be considered by the Committee. Students should also paint a clear, concise picture for the Committee of any specific changes in behavior, study habits, etc., that they will make in order to ensure a better opportunity for success. They must submit their written appeal to the Dean of Student Services, who will take the appeal to the Enrollment Management Committee for consideration. Students will be notified of the decision of the Committee within two business days of the meeting. Students who are placed
on Academic suspension for a second time may be considered for readmission only after two years from the beginning of the second suspension.

## CONTINUATION AS A STUDENT

Students who are in good standing and want to return to KCU after an absence of one or more terms should apply at the Admissions Department to update their files.

An interview may be required of all returning students who have previously been on academic or social probation. Minimum academic standards are to be maintained as stated above: The required grade point average for students with fewer than 30 hours attempted is 1.85 (based on the 4.0 system); the required grade point average for students with 30 or more hours attempted is 2.0.

## DISMISSAL

Kentucky Christian University reserves the right to require the withdrawal of, or refuse readmission to, any student at any time if the University deems such action necessary to safeguard its ideals of scholarship and Christian character, and to secure compliance with its standards. Serious offenses which may lead to dismissal or refusal of readmission include: dishonesty in any phase of college work, failure to give truthful testimony to a college official, disregard for the safety and rights of others, and any behavior which brings discredit to the University.

## ACADEMIC APPEAL

A student may at times substantively disagree with decisions made by professors in his/her classes. Substantive disagreements may relate to any aspect of the course, such as course requirements, the grading scale, the attendance policy, teaching methods, grading procedures, etc. If such a disagreement occurs, the student should follow the following procedures:

1. Meet with the professor to discuss the issue in a pre-arranged, scheduled meeting. Unplanned meetings before or after class or in the hallway are often not effective in dealing with such issues. In most cases, discussing the issue with the professor resolves the situation.
2. If the issue is not resolved, and if the student feels the issue warrants further consideration, the student may file a formal written complaint to the professor. A written appeal to the professor must be filed within 30 days of the incident in question. The professor will respond in writing, in a timely manner, to the student's written complaint.
3. If the student and professor are unable to come to resolution, the student may forward the written appeal, along with the professor's written response, to the Dean of the school under which the class in question is offered. The Dean will attempt to resolve the issue
4. If resolution is still not achieved, the student may file a written appeal to the Academic Appeals Committee. This written appeal should include the responses of the course instructor and the Dean of the school. The Academic Appeals Committee will render a written recommendation to the student and professor in question, and to the Vice President for Academic Affairs. Appeals will normally be considered and responded to within two business days of the receipt of the appeal.

## ACCEPTANCE OF NONTRADITIONAL PROGRAMS OF STUDY

Students who wish to begin receiving college credit before enrolling as full-time students or who wish to accelerate their college career after entering college may consider one of several non-traditional options. Non-traditional options include Advanced Placement (AP), College Level Examination Program (CLEP), special departmental examinations, correspondence courses, distance education courses, and independent studies. Credit recognition for any of these options is contingent upon the approval of the area Dean and/or the Vice President for Academic Affairs. Students choosing these options should always seek the consent of the appropriate administrator before enrolling in one of these programs.

Students wishing to test out of a course through CLEP or department exams must do so before the end of the first semester of their senior year.

Advanced Placement Program (AP). Kentucky Christian University recognizes the examinations of the College Board Advanced Placement Program offered by high schools throughout the nation. Individuals who wish to have AP scores evaluated for possible academic credit or placement should have the results forwarded to the Registrar's Office.

Students who receive credit for a particular course on the basis of Advanced Placement results may use this credit just as if they had taken the course at Kentucky Christian University. A grade of "P" will be given for the course. This grade recognizes the credit but does not affect the student's KCU grade point average either negatively or positively.

The following courses will be accepted when an appropriate level is reached:

Special Departmental Examinations. Some courses at Kentucky Christian University are available for credit or may be waived by arranging for a special examination, regardless of whether students have audited the course, are enrolled in it, or have studied it independently. These examinations are prepared and administered by the department that teaches the course. They are usually equivalent to a comprehensive final examination. A fee equal to one tuition hour will be charged, and the student must be enrolled in the school and in good standing.

For information about taking departmental exams, contact the Registrar and the Dean/Department Chairperson.

Students who wish to test out of CPS 101, Introduction to Computers, need to pass the CLEP Computer Exam and a Departmental Comprehensive Software exam with a grade of
" C " or above.
College Level Examination Program (CLEP). Kentucky Christian University also recognizes the CLEP testing program of the College Board. CLEP tests will be recognized as appropriate credit for meeting degree requirements as indicated below.

A grade of " P " will be awarded whenever CLEP credit is granted. This grade recognizes the credit but does not affect the student's KCU grade point average either positively or negatively.

The following table presents exams and minimum scores used as guidelines for acceptable course substitutions.

Independent Study. Independent course work is allowed when students wish to pursue academic studies in a specific topical area that goes beyond that which is currently being offered by the University. The course work must be designed and supervised by a faculty person with appropriate background and credentials. For each course, a proposal must be submitted to the Dean/department chairperson and the Vice President for Academic Affairs before the course will be approved. Course expectations should require effort that equals or exceeds that which would be required in a traditionally delivered course.

## SCHOLASTIC HONORS

Each semester, the President's List, Dean's List, and the Honor Roll recognize students who, in the previous semester, attained the following standards:

President's List: The President's List is comprised of students who were enrolled for a minimum of 12 credit hours and who attained a 4.0 grade point average for the semester. Only 100 to 400 level classes are used to compute the grade point average. Students named to the President's List receive letters of recognition from the President.

Dean's List: The Dean's List is comprised of students who were enrolled for a minimum of 12 credit hours and who attained grade point averages of 3.75 to 3.99 . Only 100 to 400 level classes are used to compute the grade point average. Students named to the Dean's List receive letters of recognition from the Vice President for Academic Affairs.

Honor Roll: The Honor Roll is comprised of students who were enrolled for a minimum of 12 credit hours and who attained grade point averages of 3.3 to 3.74 . Only 100 to 400 level classes are used to compute the grade point average. Students named to the Honor Roll receive letters of recognition from the Vice President for Academic Affairs.

Summa Cum Laude (with highest honors)
Magna Cum Laude (with high honors)
Cum Laude (with honors)
cumulative GPA of 4.00
cumulative GPA of 3.75-3.99
cumulative GPA of 3.3-3.74

## APPLICATION FOR GRADUATION

It is the responsibility of students to notify the University of their intent to graduate. Application for graduation is made upon completion of 70 credit hours. Forms are typically completed during the registration process in the spring semester of the Junior year. This application generates a graduation audit that verifies incomplete graduation requirements. Questions concerning this process should be addressed to assigned academic advisors.

## DISTRIBUTION OF DIPLOMAS

Typically students who are in good standing with the University receive their diplomas immediately after the commencement ceremony. However, students who are in good standing but do not attend the ceremony are mailed diplomas to their home address.

## ALUMNI STATUS

Alumni status is granted to all graduates and former students of Kentucky Christian University, and to members of the University faculty, administration, and Board of Trustees.

The purpose of the Alumni Office is to promote the cause of Christ through a closer fellowship among the alumni of Kentucky Christian University; to provide a means through which an alumnus may share with other alumni in activities for the benefit of the university; and to make a continuing witness to the entire world for the cause of Christ.

These programs and activities are directed through the Alumni Office. For more information, contact the Alumni Office at alumni@kcu.edu.

## SaBRE READING PROGRAM

SaBRE (Strategies for Building Reading Excellence) is a "Quality Enhancement Plan" adopted by Kentucky Christian University to expand the critical reading skills of its students. Having recognized the overall declining ability of high school graduates nationwide to properly understand and use what they have read to better their lives and professional endeavors, this initiative was adopted to supplement other academic preparation. Components of this process will include competency studies, assigned readings, interventions intended to correct reading difficulties, and summary documents to verify advancement of reading skills.

## TRANSCRIPTS

College transcripts may be requested from the Registrar's office either in person, by fax, or by mail. The signature of the student is required for release of transcripts. Transcript request forms may be obtained from the rack outside the Registrar's Office or online at www.kcu.edu. Telephone and email requests are not honored. A fee is charged for each copy of a student transcript.

An official transcript release on prior students will be authorized on any account that is paid in full. No transcript will be authorized on an account with a balance outstanding.

An official transcript release will be authorized on current students after the drop/add period has ended if (1) no federal funds have been received, and (2) the account is paid in full. If federal funds have been received, authorization will be delayed until all federal funds are clear, even if the account is paid in full. Exception: Senior Students with paid in full accounts may request an official transcript to be sent to a graduate school at any time during their last semester of enrollment.

Unofficial transcripts are available online for current students through their My KCU account.

## Program Course Requirements for Business and Biblical Studies Tracks

As this is a degree completion program, applicants for the Business or Biblical Studies track must be at least 25 years of age and have successfully completed ( 2.0 or higher) a minimum of 42 credit hours at a regionally accredited institution of higher learning or at a college or university that is recognized by the Southern Association of Colleges and Schools and/or the U.S. Department of Education. The minimum number of hours completed at Kentucky Christian University will constitute 48 hours of the degree core.

In addition to the degree core, the student will need to complete the following for graduation candidacy: 30 hours of the Arts and Sciences core (also known as general studies requirements) and 42 hours of electives. These additional 72 hours may be a combination of transferred college credit (at a C or higher; 2.0 to 4.0 per class); successful passing of DANTES, CLEP, or other acceptable exam that measures college level learning; acceptable professional certifications that have been evaluated and are recognized for credit by the American Council of Education; and prior learning assessment through a portfolio that is assessed by a KCU faculty member. Transfer of credits and the evaluation of credit for prior learning is managed on a case-by-case basis through the KCU Academic Office. Students may take the additional courses beyond the 48 hour core at KCU or at another regionally accredited institution of higher learning or at a college or university that is recognized by the Southern Association of Colleges and Schools and/or the U.S. Department of Education.

A student already holding an earned Bachelor's degree from a regionally accredited institution of higher learning may qualify for a Bachelor's of Science in General Business or Biblical Studies from KCU provided that the student has completed the 48 core, has 30 hours that fulfill the requirements of the Arts \& Sciences core at KCU, and has an acceptable number transfer credit earned at a C or higher earned at another regionally accredited institution of higher learning.

Transfer credit will not be accepted for the 48 hour core in biblical studies and may be accepted for 48 hour core in the degree in General Business at the discretion of the Dean of the School of Business. Prior learning credit or exam credit will not be applicable to the core in either degree.

## Program Requirements for Nursing Track

The Yancey School of Nursing considers a grade of "C" (2.0) as the minimum passing grade for all required nursing courses. Nursing courses graded with less than a "C" must be repeated. Readmission to the RN-BSN program is determined by the Yancey School of Nursing Faculty based on policies in the current Yancey School of Nursing Handbook. An average of "C" must be earned in all non-nursing courses. RN students are responsible for verifying they have met degree requirements. Students are responsible for making arrangements for clinical practice, verifying arrangements meet Yancey School of Nursing requirements, and that practice falls within the chosen agency and state licensure guidelines.

## Program Course Requirements for Nursing Track

On the premise that a minimum of 71 hours are required to earn an ADN degree, courses with which the RN has successfully completed will be transferred for credit if credit is earned from a school accredited by an accrediting agency recognized by CHEA or the Department of Education. Twentynine of the credit hours will meet the KCU Arts and Science core. The additional 42 hours previously earned from ADN degree and any additional credits earned are also eligible for transfer to meet program of study required hours (122). Transfer of credits is managed on a case-by-case basis through the KCU Academic Office.

Curriculum maps for each degree track may be found within the school section with which they are associated; School of Business, Sack School of Bible and Ministry, and Yancey School of Nursing.

## Programs of Study

Kentucky Christian University offers five undergraduate degrees: the Bachelor of Arts (B.A.), the Bachelor of Science (B.S.), the Bachelor of Business Administration (B.B.A.), the Bachelor of Science in Nursing (B.S.N.), and the Bachelor of Social Work (B.S.W.). Within each of the bachelor's level programs, students will complete a core curriculum of 31 hours in Arts \& Sciences, a minimum of 18 hours in Bible and Theology, and at least a 30-hour major.

Bachelor's degrees are designed to prepare students for careers and graduate study in a variety of specialized areas. Two years of language study are required for the Bachelor of Arts degree.

## General Information

The History/Pre-Law program at Kentucky Christian University prepares its graduates for a variety of careers in business, government, museums, historical societies, archives, ministry, education, and for entry into law schools, schools of government, and graduate programs in history.

The History/Pre-Law program is the most flexible academic program at Kentucky Christian University. Our majors have 30 elective hours, which allows them to explore their interests. This flexibility also makes it possible to earn any of the many minors that KCU has to offer and even obtain a second major.

Courses of study such as the History major offered at Kentucky Christian University are common prelaw preparations. It is very important that the courses of study be sufficiently difficult to develop intellectual potential and academic discipline. Whatever their chosen major, pre-law students may incorporate a wide spectrum of courses which may include: HIS/POL 201 American Civics, PHI 301 Introduction to Philosophy, ENG 101 English Composition I, ENG 102 English Composition II, ENG 203 Masterpieces of World Literature, ENG 213 Masterpieces of British Literature, ENG 223 Masterpieces of American Literature, ECO 231 Microeconomics, and ECO 232 Macroeconomics. Pre-Law students who are majoring in history are also encouraged to minor in business, English, or legal studies.

Students who desire to enter law school should be aware that, while there is no standardized curriculum required, these institutions seek students who have given evidence of their academic ability through high grade point averages and high scores on the Law School Admission Test (LSAT). Successful applicants must be able to read with speed and comprehension, think logically and creatively, and speak clearly and effectively.

In addition to these areas, most law schools look beyond academic performance. Other areas, which
receive consideration by Enrollment Management Committees, are work experience, extra-curricular activities, community service, and letters of recommendation. Students whose experiences cover a broad spectrum have a much greater possibility for acceptance.

Recent KCU History/Pre-Law alumni have been accepted into graduate programs at the University of Kentucky, Northern Kentucky University, St. John's University, Kent State University, University of Louisville, Regent University, Emmanuel School of Religion, Mercer University, Valparaiso University, Morehead State University, Capital University, Ohio Northern University, and Western Carolina University.

## Graduate Level Studies in History

## Mission Statement

The mission of the Humanities Program is to lay a broad foundation of knowledge from which to understand human experience. This program emphasizes the commonalities of all human experience, thus helping students to be more broadly informed Christian leaders in all areas of life across cultures.

## Objectives:

Graduates will:

1. Demonstrate the ability to integrate the sacred and the secular into their understanding of their cultural experiences.
2. Demonstrate an understanding of the development and influence of culture in Western tradition from classical to contemporary.
3. Prove skills and knowledge learned in the classroom through supervised work in an approved internship.
4. Successfully pursue graduate studies and/or employment.

## Programs Offered

Bachelor of Arts in the Humanities Bachelor of Science in the Humanities Minor in Humanities

## General Information

The Bachelor of Science in the Humanities requires 44 semester hours of interdisciplinary studies, including an internship, and a minor. The Bachelor of Arts in the Humanities requires 44 semester hours of interdisciplinary studies, including an internship, and 4 semesters of foreign language courses.

The Humanities program at Kentucky Christian University is a broad-based, inter-disciplinary approach to learning. It emphasizes:

1. Self-support and opportunities for advanced studies. Graduates with degrees in the humanities are prepared to engage in advanced problem solving and critical thinking. They successfully pursue graduate study in disciplines as diverse as business, seminary studies, library science, journalism, secondary and postsecondary education, and the law. They are also prepared for entry-level roles such as copywriter, editorial assistant, historian, and archivist. Finally, they are actively recruited for entry-level jobs in fields such as business where employers seek advanced skills in critical thinking.
2. A worldview centered in Christ. The ability to influence the religious, social, educational, and business communities around one depends, ultimately, on an integrated view of life. A study of the broad range of human experience helps graduates to view life as a whole, melding the sacred and the secular. Values, morals, and ethics are all expressed and clarified through study of the humanities, integrated with faith.
3. Global awareness. An awareness of the interconnectedness of nations and people assumes the ability to communicate across cultures. Study of the humanities helps to highlight the essential human experiences in all cultures, which facilitates intercultural bridge building.

In combination with a vocationally-based minor and internship experience, the humanities graduate is effectively prepared to enter the job market or graduate studies. Beyond this, however, humanities majors are prepared to understand people and the changing events which shape our world. The integration of faith in the program and its inter-disciplinary emphasis uniquely prepares the University's humanities majors to integrate the secular and the sacred in their lives and thought. Regardless of occupational field, they will be truly educated for Christian leadership and service in the Church and professions throughout the world.

Students denied admission to, or suspended from, the teacher education program may reapply for admission once each semester.

## Student Teaching

The Education Professional Standards board (EPSB) regulates the standards for admission, placement, and supervision of student teachers. Applications for student teaching must be completed during the spring semester for fall or spring of the following year. Application forms are obtained from the Coordinator of Student Teaching during the month of February and returned by March 1. To be eligible for the student teaching semester, students must have completed the following requirements (16 KAR 5:040):

1. Admission to, and good standing in, the teacher education program with the required assessments of candidate dispositions on file.
2. Completion of 200 hours of pre-student teaching clinical and field experiences. Candidates must fulfill the field experiences required by the Kentucky regulation.
3. Presentation of cumulative minimum grade point standing of 2.75 .
4. Completion of a minimum of 90 semester hours.
5. Completion of prerequisite professional education courses.
6. Completion of $75 \%$ of the course requirements in each specialization component or teaching field.
7. Completion of all courses listed in their professional preparation components, areas of specialization, and teaching fields with a grade of C - or higher.
8. Submission of a valid and current record of a medical examination including a tuberculosis test.
9. Submission of a clear federal background check through the process required by the Keeran School of Education.
10. Maintained adherence to the unit candidate dispositions and the professional Code of Ethics for Kentucky School Certified Personnel, as defined in 16 KAR 1:020, is required prior to and during the student teaching experience.
11. Formal applications will be reviewed and approved at the end of each semester before admission is final.

Student teaching placements will be made within a 45-mile driving distance (in Kentucky) from the University campus. All student teachers will complete 70 days in their student teaching assignments. Absences for illness or approved extra-curricular activities cannot exceed three days. Any absence for illness beyond three days will require a physician's verification. Any absences for the above reasons will not reduce the 70-day student teaching requirement. Absences beyond three days without a physician's verification for any reason will lower the student teaching grade. Student teaching is a 12 credit hour program. No other classes (in-class, online, independent study) may be taken during student teaching.

## Recommendation for Certification

Regulations of the Commonwealth of Kentucky Education Professional Standards Board stipulate that applicants for a teacher's certificate must be recommended by the institution offering the teacher preparation program. The Dean of the Keeran School of Education is the official designated to recommend for certification teacher education graduates of Kentucky Christian University.

Application for the appropriate certificate should be completed early in the semester prior to graduation. Application forms may be obtained from the Dean of the Keeran School of Education.

Students desiring certification must successfully complete the Praxis Series: Praxis II: General and Subject Assessments appropriate for each certification. The test(s) should be taken during the senior year and the expense for these examinations is to be paid by students.

Students desiring certification must complete a Form TC-1 when applying for Kentucky teacher certification. The applicant must sign form TC-1, Section III, Character and Fitness. Statements concerning personal and professional fitness are a part of this section. (Also see: Professional Code of Ethics for Kentucky School Certified Personnel [16 KAR 1:020]).

## Mission Statement

The Social Work Program at Kentucky Christian University, a Christian faith-based institution of higher learning in rural Appalachia, exists to offer students

- An opportunity to learn and practice the values, skills, and knowledge of an entry level generalist social work practitioner,
- A Safe Place for students to assess their own personal values in light of Biblical and Social Work values; and
- Empowerment, in light of the university mission statement, to feel competent in their ability to value diversity and practice social work within the context of the profession's values and ethics.

## Program Curriculum Goals

Graduates will:

1. Demonstrate sensitivity to the hurting and the different.
2. Demonstrate preparation for careers that advance service to others.
3. Develop and practice their self-awareness of their responsibility as Christians and Social Workers to continue their spiritual, personal, and professional growth and development.

## Programs Offered

Bachelor of Social Work

## Admission Requirements

The Bachelor of Social Work Program at Kentucky Christian University is accredited by the Council on Social Work Education (CSWE).

## 1. Enrollment in Introductory Social Work Courses

All students who wish to be a part of the Social Work program will be impartially considered. Students who declare their professional choice to be that of Social Work will be assigned a Social Work faculty advisor who will assist them through the admissions process.

## 2. Application for Admission to the Social Work Program

Students apply for admission to the Social Work program after successful completion of HSW 200 and HSW 201. Upper class transfer students may make application with permission of the Program Director. Application forms are in the Social Work Student Handbook which is given to students in HSW 201. Students may also obtain it on the Social Work Program page of the KCU website (www.kcu.edu) or from the Social Work Program office.

The admission process begins when students petition the Social Work Program Director for admission. Consultation with the Social Work advisor must be completed. Completion of the following criteria is necessary before admission to the program can be granted:

- Minimum GPA of 2.0 overall
- ACT composite score of 18 or an SAT Verbal score of 450 and Math of 450 . Provisional admission will be considered for students with a lower ACT or SAT score IF the student has a minimum GPA of 3.0 overall in 100 level and higher college course work completed.
- Completion of the program application form.

Students will be admitted to the Social Work program upon successful completion of the admission process and informed of their admittance in writing after the entrance interview. Admitted students who drop out, or are dismissed, may be readmitted, providing that selected portions of the application procedures are repeated successfully.

Successful completion of the entrance interview, where student achievement of Graduation Competencies at the "novice" level occurs, is evaluated, and documented in the "Student Portfolio". (For more information about Student Portfolio, see section entitled "Student Portfolio" in the Social Work Program Student Handbook.)

## 3. Continuance in the Social Work Program

Although students who apply for the Social Work Program may meet admissions qualifications, they may later exhibit behaviors that would not produce an acceptable level of performance as a beginning professional social worker. Student performance is reviewed by Social Work faculty during three separate competency evaluations. Field Faculty input will also play a role in this process. The Social Work faculty makes the final decision about whether a student should, or should not, continue in the Social Work Program. Continuance in the Social Work Program requires the following:

- Minimum of GP A of 2.0 in all course work.
- Minimum cumulative GPA of 2.5 in professional course work by the end of the junior year.
- Demonstrated personal qualities essential for working with people (as evaluated during competency reviews). These qualities include, but are not limited to:
$\checkmark$ Value orientation consistent with the Social Work profession
$\checkmark$ Sensitivity to the needs of people
$\checkmark$ Self-awareness
$\checkmark$ A sense of responsibility
- Completion of Student Self-Clearing Statement.
- Successful completion of the continuance interview, where student achievement of Graduation competencies at the "Intermediate" level occurs, is evaluated and documented in the "Student Portfolio".

## 4. Notification of Deficit Requirements

It is the student's responsibility to be aware and notify his/her advisor of deficits in meeting program requirements. The student who proactively works with his/her advisor in identifying and addressing deficits has a much better chance of rectifying problems. Failure to notify advisor of deficits may result in termination from the program.

Students may also be placed on probationary status if they do not successfully complete the requirements for continuance or graduation. Normally, this probation will be limited to one semester, although two semesters may be granted in a case with extenuating circumstances. Students who do not remediate their performance during the probationary period will be dismissed from the program.

## 5. Termination

KCU's Social Work program measures student outcomes in courses based on demonstrated competencies in knowledge, values, and skills of the social work profession. These competencies are documented in the interview process (admission, continuance, exit). Students are also expected to engage in behavior consistent with their Christian values and the National Association of Social Workers Code of Ethics. A breach of NASW's Code of Ethics could result in termination from the Social Work program at KCU.

When students are unable to achieve academic standards consistent with items listed for continuance in the Social Work Student Handbook, they will be dismissed from the Social Work Program and will be informed in writing. They will have the opportunity to meet with the Program Director to discuss their status. Readmission may be granted if deficiencies are corrected.

If a student is dismissed from Kentucky Christian University, then participation in the Social Work program is also terminated. If a student believes that he/she has been treated unfairly,
he/she may appeal this decision as described in the appeals procedure in the Social Work Student Handbook.

## 6. Reapplying to the Program

The student is responsible for seeing that necessary forms are completed and formal evaluation conferences are scheduled to assure continuance. The student will work with his/her faculty advisor regarding any actions that result from competency evaluations.

Any students who voluntarily withdraw, or was dismissed from the program and wish to reapply, should:

- Schedule an appointment with the Director of the Social Work Program.
- Repeat the application process with the appropriate referrals.
- Schedule an interview with the Social Work Faculty.

7. Due Process

Whenever a student believes that he/she have been treated unfairly or in a way that abridges his/her rights, the student may consider using the Appeals Process as outlined in the Social Work Student Handbook.
8. Graduation Competencies

Prior to graduation, each Social Work Major will:

1. Meet requirements for formal admission into the program.

The Bachelor of Science in Nursing degree track (RN-BSN) builds on the foundation of Associate Degree or Diploma education to equip registered nurses as liberally educated nurses in a Christcentered academic environment, with the values, core competencies, and core knowledge necessary to provide leadership and service for the nursing profession. A population-focused health care approach emphasizing clinical prevention and maintenance serves as the foundation to prepare graduates to function independently as clinical decision makers in multiple health care settings and pursue advanced professional education. The program is available to qualified registered nurses.

The RN-BSN program offers coursework available through online education. Students negotiate individual schedules to complete clinical requirements with KCU approved preceptors in their home community. The program is designed for the working RN.

## Admission Requirements

Admission is determined on a competitive basis. The total number of students admitted to the program is based upon available faculty.

1. Entrance into the RN-BSN program requires admission to both the university and Yancey School of Nursing.
2. Cumulative college GPA of 2.0 on a 4.0 scale.
3. Provide verification of non-restrictive, valid RN license.
4. The new graduate who has taken NCLEX-RN may be admitted to the RN-BSN program before the test results are available (non-clinical courses only). In the event RN licensure is not received, withdrawal from the RN-BSN program is mandatory at the end of the current semester.
5. Provide official transcripts from high school and all colleges and universities attended.
6. Provide current curriculum vitae (CV) or resume.
7. Provide two satisfactory letters of reference; one from immediate supervisor and one personal reference.

## Program Requirements

The Yancey School of Nursing considers a grade of "C" (2.0) as the minimum passing grade for all required nursing courses. Nursing courses graded with less than a "C" must be repeated. Readmission to the RN-BSN program is determined by the Yancey School of Nursing Faculty based on policies in the current Yancey School of Nursing Handbook. An average of "C" must be earned in all non-nursing courses. Students must satisfactorily complete the following courses with a minimum grade of 2.0 (C): ENG 100/101 and ENG 102 or ENG 103, and a "C" in MAT 220 or higher. RN students are responsible for verifying they have met degree requirements. Students are responsible for making arrangements for clinical practice, verifying arrangements meet Yancey School of Nursing requirements, and that practice falls within the chosen agency and state licensure guidelines.

## Program Course Requirements

On the premise that a minimum of 71 hours are required to earn an ADN degree, courses with which the RN has successfully completed will be transferred for credit if credit is earned from a school accredited by an accrediting agency recognized by CHEA or the Department of Education. Twentynine of the credit hours will meet the KCU Arts and Science core. The additional 42 hours previously earned from ADN degree and any additional credits earned are also eligible for transfer to meet program of study required hours (122). Transfer of credits is managed on a case-by-case basis through the KCU Academic Office.
